# Viviana Yanez, Frontend Developer

I am a creative audiovisual and visual communicator who transitioned to software development.

I bring experience as a highly collaborative and versatile team player, with a keen eye for design details and a deep understanding of the user perspective.

Passionate about crafting user interfaces that are performant and look great, I care about providing accessible and inclusive web experiences.

Skills

**HTML & CSS**

**Javascript**

**Typescript**

**Web Accessibility**

**React**

**Vue.js**

**Git/GitHub**

**Figma**

Projects

## **Frontend Developer at The Collab Lab**

remote February - April 2024

- Contributed to the development of a [shopping list web app](#) that records user purchasing habits and generates suggestions for future shopping.
- Used React, Tailwind and Firebase.
- Collaborated with a remote European-based team, applying agile methodologies and tracking project progress on GitHub.

Experience

## **Software Engineering Intern at Wikimedia Foundation**

remote February - June 2023

- Led the [Modernization of web interfaces project](#), to increase Vue.js and [Wikimedia Design System Codex](#) adoption on Wikipedia's frontend.
- Implemented selected user interfaces meeting browser compatibility and accessibility standards, and a reusable dialog component in collaboration with WMF Design Systems team.

- Tested the new interfaces using Vitest and published documentation.
- Published the blog post How to create your own reusable dialog with Codex as a tutorial for WMF staff and promoting WMF technologies to a broader audience.
- Contributed to a PHP based complex codebase, in a CI/CD environment, actively participated in code reviews, and joined team ceremonies.

### **Video Editor at Teleduca**

Barcelona September 2020 - December 2022

- Contributed over 300 minutes of fictional and documentary video content.
- Led over 60 hours of video recording sessions for audiovisual workshops.
- Delivered final edited videos using Adobe Premiere and After Effects from raw material while consistently meeting deadlines.
